EDUCATION

J.D. Degree, Memphis State University, December 1973. Worked full time at the Rendezvous to put self through law school in 2 1/2 years; Graduated in top one-half of class.

B.A. Degree in Government, 1970, Southern Methodist University, Dallas, Texas; President, Beta Theta Pi fraternity.

EMPLOYMENT BACKGROUND (Non-Legal)

Charlie Vergos Rendezvous, Inc., September 1971 - August 1974, and August 1986 to present; Part-owner and manager employing 56 people and seating 750 persons. At the Rendezvous, I created the first program in the country where pre-prepared food products were delivered overnight to the customer, which received national attention in New York Times, Southern Living, and other national media outlets.

Ward Foods Restaurant, Inc., February 1971; Managed seafood restaurants in Dallas and Fort Worth, Texas, employing 35 and seating 300 people.

Downtowner Hotels Management Trainee Program, May 1970; Worked in all phases of hotel management in Newark, New Jersey; Rochester, New York; and Kansas City, Missouri.

EMPLOYMENT BACKGROUND (Legal)

Less & Scroggs; Memphis, Tennessee; July 1981 - August 1987; Partner; former law partner, Michael I. Less, is at Less, Getz & Lipman, 80 Monroe, Suite 950, Memphis, TN 38103.

Tual, Gordon & Tual; Memphis, Tennessee; September 1979 - July 1981; Partner; former law partner, Blanchard Tual, is at Tual & Pounders, 47 North Third, Memphis, TN 38103.

Less, Pinstein, Vergos & Garrison; Memphis, Tennessee; August 1974 - September 1979; Partner.

Areas of Practice:

I maintained a general civil trial practice in the areas of construction and business litigation. Further, I have tried criminal cases in the state and federal courts. I have argued appellate cases before the Court of Appeals in the Western Section of Tennessee; the Tennessee Supreme Court; the United States Court of Appeals for the Sixth Circuit; and have filed a Petition for Writ of Certiorari in the United States Supreme Court.

Notable Cases:

In 1981, I worked with James Neal, the former Watergate prosecutor, in the successful defense of Dr. George Nichopoulos.

In 1978, I represented Eugene McCarthy in the Chancery Court of Nashville, Tennessee, whereby the court ordered the State Election Commission to place his name on the ballot as an independent candidate for President of the United States.

Real Estate and Construction Law:

In my private practice, I have closed over thirty (30) residential loans. I have further put together building swaps and have even negotiated and handled the swapping of a downtown building for an Andrew Wyeth painting.

In 1978, I drafted the first set of condominium documents in the State of Tennessee applicable to the condominiumization of an old cotton warehouse into a mixed commercial and residential development. I further put together the financing package that included the National Bank of Commerce, Union Planters National Bank, and the Community Development Agency. (See Civic Activities -- Timpani Condominiums).

I negotiated and handled the purchase from the I.C. Railroad of a small portion of land on real estate located on Wagner that is presently called the Candy Factory. This parcel purchased from the Railroad was necessary for an emergency exit.

I negotiated and handled options, closings, financing, and renovation of ten (10) downtown properties such as the Cold Storage Building, presently housing the Pier Restaurant; the Carter Seed Store Building; Timpani

Condominiums; the Aldrich Condominiums; and three parcels in the Pinch Historic District.

I was involved in representing my family during Memphis Housing Authority condemnation proceedings on a piece of realty situated at Beale and Third.

I represented a group of investors that purchased, financed, and renovated a group of dilapidated apartments at the northwest corner of Bellevue and Jefferson called Heritage Square. This project also entailed the closing of an alley that required the negotiation with eighteen (18) adjoining property owners and their mortgagor. This further required City Council approval.

I have represented owners, contractors, architects, and materialmen in all phases of construction litigation, suits to enforce liens, lease drafting and negotiations, etc.

I have further represented landlords and tenants in all types of legal disputes.

Legal -- General:

Eleven of my thirteen years of practicing law were with Michael I. Less, who is acknowledged as the construction law expert in Memphis and in Tennessee.

I understand that part of my job will be to decide which legal disputes can be handled within the MHA office, and which cannot. Having had a broad range of legal experiences and knowing most firms, I am most qualified not only to decide which matters can be handled in-house versus being sent out, but I can negotiate fee arrangements that will be most advantageous to the MHA.

Ethics:

During my years of practice, I was never sued, nor was I ever reprimanded or sanctioned by any legal disciplinary board. I further believe that all of my peers will vouch for my honesty and legal capabilities.

ADMISSION TO PRACTICE

Licensed to practice law in Tennessee in April 1974.

Admitted to practice before the Tennessee Supreme Court, United States Supreme Court, United States Court of Appeals for the Sixth Circuit, United States District Court in the Western District of Tennessee.

This project was the first to renovate an old cotton classing building into four residential and two commercial condominiums in downtown Memphis. This highly publicized project won several awards including the Memphis Heritage Award and the American Institute of Architects Award for Adaptive Re-Use (1978-79).

Dear Sir:

I am sending this letter of interest to be considered for placement on the Memphis Shelter Advisory Board if a position becomes available. I think it is very important for every citizen to be involved in their community in some way. I would look forward to working with the shelter and the board in order to improve the condition of the shelter. It is important for the city to progress in their treatment of animals who cannot speak for themselves. We need to work to eliminate overpopulation of unwanted animals, and to eradicate cruelty.

I am retired from law enforcement, and work part-time as a tax consultant. Therefore, I have the time needed to work toward improving the animal shelter. I have always had a concern for animals, and have worked for many years to improve their lot. I would appreciate your consideration for placement on this board.

Thank you,

Jacquelyn Johns
