Re: Application to reduce set backs on Lot #105, Shady Grove subdivision.  
OPD Case # S 46-001

Dear Mr. Saliba:

I will like to withdraw my application to reduce setbacks on the Lot 105 planned home construction. We have revised the house plan and it will now be situated within the prescribed setbacks, as stipulated in Home Owner association covenant and as stipulated by the City of Memphis. Because of this, I see no reason to appear on the November 3, 2009 appeal and expect to be excused. I have attached a copy of the new blue print. Please do not hesitate to contact me if you have any questions.

Sincerely,

Raja B. Khan, MD
